

Omegamed baby twist off capsules

Food for special medical purposes.

Product for infants and children to everyday use from the first days of life.

Preparation for dietary treatment supporting:

- Proper functioning of brain¹
- Proper functioning of sight¹

Omegamed[®] Baby ensures everyday portion of DHA ((docosahexaenoic acid from Omega-3 group).

Omegamed[®] contains unique form of DHA from algae (Life's DHA[®]).

DHA contained in products Omegamed[®] is:

- from original source-extracted from natural algae *Schizochytrium* sp., which is an original safe source. It means better taste and smell as well as good absorption and tolerance.

-clean- algae, from which DHA is extracted, are planted in controlled conditions, away from marine tanks. It means no risk of contact with potentially dangerous pollutions which appear in natural environment, such as dioxin, methylated mercury, polychlorinated biphenyls (PCB).

-perfect-effectiveness and safety are confirmed by valuable researches¹ and tradition of use. It means that it is checked and perfectly adjusted to needs of the most demanding and sensitive to insufficiency of this ingredient consumers.

Content:

DHA	25 598 mg	150 mg

How to use:

Twist and tear off the end of capsule. If it is hard to open the capsule cut off its end. Then squeeze the content of capsule to a spoon or add to small amount of food: milk, breast milk, porridge or soup. It is recommended to add Omegamed baby to food to neutralise characteristic smell and taste of DHA oil. It is not recommended to give the content of capsule directly to child's mouth. Be especially careful when giving the preparation to avoid swallowing of capsule by a child.

Important information: Product taken under doctor's supervision. To dietary treatment. Product cannot be used parenterally. It doesn't constitute the only source of food. Do not use if there is hypersensitivity to any of the ingredients of the product. Daily intake of the substance cannot be reached only by change of standard diet. Varied diet and healthy lifestyle are important to stay healthy.
