

Plussz Active Green Stimulation

Dietary supplement

Effervescent tablets, fruit flavours.

Contains sugar and sweeteners.

High content of caffeine (100 mg/2 tablets).

Not recommended for children, pregnant and breastfeeding women.

Plussz Active Green stimulation is a composition of vitamins and active ingredients influencing the increase of vigilance in moments of excessive physical and intellectual exercise.

Caffeine helps to increase vigilance (measured as speed of response).

Niacin, thiamine, vitamin B6, biotin, vitamin B12 help in proper functioning of nervous system and help in keeping proper psychological functions.

Varied diet and healthy lifestyle are important to stay healthy.
