

Plussz Junior Electrolytes + Mutivitamin

Dietary supplement.

Contains sugar and sweeteners.

Product for children above 3 years old and adults.

Ingredients contained in the effervescent tablet after preparing create rehydration solution with decreased osmolarity. Rehydration preparations are solutions which contain glucose, potassium, sodium in proper concentration. Thanks to proper proportions of glucose and ions they improve the process of absorption of water in intestines.

Magnesium helps to keep electrolyte balance.

Varied diet and healthy lifestyle are important to stay healthy
